A E Evans, creators of the original Clamber Stacks present the Clamber Castle.....

Throughout the design and development of the Clamber Castle, A E Evans have worked closely with the Play Inspection Company. This close collaboration has enabled the Clamber Castle to be designed and developed following the strict guidelines set out in the British standards EN 1176.

Technical Information

Product Dimensions (without safety surface)	Safety Surface Dimensions
Length: 12872mm	Length: 16521 mm
Width: 10455mm	Width: 13830mm
Height: 4163mm	Total Area Required: 153.81 m2
Maximum Free Fall Height: 2.1m	Bespoke Rope Colours Available

Available in

- 10 year in-ground guarantee.
- Sustainably sourced FSC® certified softwood.
- Pressure treated using the latest generation wood preservative.
- Ideally suited for climates similar to the UK.

- 15 year in-ground guarantee.
- Produced from sustainably sourced Radiata Pine.
- Outstanding treatment properties, which allow the latest generation wood preservative to penetrate the entire timber during pressure treatment.
- Suitable for most climates including hot or wet environments.

- EvaLam 15 Laminated timbers come with a 15 year in-ground guarantee
- EvaLam 20 have the addition of steel feet which allows us to offer a 20 year guarantee

- Laminated timber glued according to EN 14080:2013 Standard
- Produced from sustainably sourced timber
- Pressure treated using the latest generation wood preservative
- The manufacturing process involved reduces the naturally occurring stress in the timber to give an increased resilience against cracking, even when exposed to longer periods of direct sunlight and consistent high temperatures
- Suitable for most climates including hot or wet environments.

clamber castle

The EvaPlay 'Clamber Castle' from A E Evans brings together the incredibly popular Clamber Stacks® and our new generation Timber Tower ranges to produce a truly unique playground unit with the ultimate wow factor.

The combination of our widest variety of individual elements ever allows for an extensive number of children of varying age ranges to play side by side. Multiple entry and exit points allows the user to freely explore the structure improving their climbing, balancing and traversing skills. The tried and tested sliding and climbing wall elements are teamed with scramble nets and balance challenges to offer increased excitement and a greater solo or group play experience.

The intricate design of The Clamber Castle will captivate children's imagination to explore and conquer every aspect of the Castle from the darkest dungeon to the lavish throne room.

Whether it's King Arthur and his Knights of the Round Table or imagining an Ogre and a Princess and their 'Far Far Away Kingdom', The Clamber Castle offers an endless world of play and imagination!

Children will enter a world of imagination helping to develop their cognitive and social skills whilst also experiencing substantial fitness benefits.

Throne Room

Under Deck Dungeon

Under Deck Armoury

Stables

Rapunzel Climb Wall

Beanstalk Climb Wall

All products are designed and produced in the UK from sustainably sourced timber and can be FSC® certified (FSC® C102594) on request.

The Clamber Stacks® range accommodates all ages, budgets and play scheme sizes. Our uncompromising approach to safety during the design and manufacturing process is paramount. With this in mind the Clamber Castle has been designed and developed in close collaboration with the Play Inspection Company to meet the demands BS EN 1176.

In order to ensure the highest level of accuracy, all units are produced on our custom made, state of the art, 6 Axis CNC machine. This technology allows us to offer unparalleled accuracy in the field of play timber production.
